P111A	150X110	48	 A 3D perspective drawing of a metal part, likely a bracket or support. The part is colored in a light olive green. It features a top horizontal flange with a width of 110 units. The main vertical body of the part has a height of 150 units. The bottom edge of the part is stepped, with a lower section extending further out than the upper section. The drawing is shown from a three-quarter view, highlighting its L-shaped profile.
